The Vintage Motorsport Festival returns to Oulton Park for a special day of racing antiquity. On-track action will come from the Vintage Sports-Car Club via its Formula Vintage division, with a selection of enthralling races for machinery dating back to before the Second World War.

The cars will be the real star attractions as they hark back to a time when engineering diversity and bravado behind the wheel where the key to success behind the wheel. Seatbelts, rollcages and the halo of modern single-seater racing will not feature here, just a plethora of interesting machines of different shape, size and sound.

Many of the cars will have an interesting racing pedigree too with historic starts in the Le Mans 24 Hours or even Grands Prix. Off the track the event will feature a relaxed, nostalgic mood with classic car displays and retro music to fit.
