BOOKING ESSENTIAL

The Cross Keys

The focus of the day is to see the 'Till's' family collection of WW2 Vehicles, followed by lunch at 'The Cross Keys at Whitechapel'.

There will be an optional social run from The Spread Eagle, Sawley BB7 4NH to the museum.

The museum is a private collection of mainly American WWII vehicles. There are always some machines being renovated plus many memorabilia items from wartime. It provides a great look back to the design and production of vehicles needed to win the war.

The collection ranges from beautifully restored Jeeps to Sherman Tanks and it is all undercover!

The visit will be followed by lunch at The Cross Keys at Whitechapel (NorceMog visited here last October courtesy of Paul & Margaret Johnson). **Lunch needs to be pre-ordered from the menu below and payment made to the NorceMog bank account.**
